Notes for Home Online HSK Test Takers

- ## Registration requirements:

1..**A computer with Windows (7/10) operating system and the requirements are as follows:**

1) The **MAC** operating systems are not recommended.
2) The screen resolution must be 1366*768 or above;
3) High-definition PC camera (built-in or external; 300,000 pixels or above); the room should be well lit to ensure clear images.
4) Equipped with wired earphones, the sound is clear, and the sound insulation effect is good. Candidates participating in HSK oral English must have a microphone in their earphones, with clear sound, sound insulation and sound reception.

Note: The test cannot be conducted on mobile devices such as mobile phones and tablets; Bluetooth devices are not allowed during the test, and USB ports are not allowed to connect external storage devices, such as external disks, wireless receivers and other facilities;

2. A mobile phone with a camera: Invigilation software should be downloaded onto the phone as directed by the test center.

1) Enter the designated meeting room one hour before the start of the test, and place the mobile phone at the rear left or rear right 1 meter, so that the examiner can see the computer screen and the examinee himself;
2) The examiner can check the examination environment of each examinee in 360 degrees through the designated invigilation software;
3) Candidates need to connect their mobile phone to the WIFI network and turn on the "airplane mode;"
4) The camera phone must have sufficient power to ensure that it does not shut down during the entire test.

3 .The network bandwidth is 20M, and the network speed must be 150KB/s and above; during the test, please close other applications that are not related to the test and use the direct connection network to enter the test;

4. Test environment: The test should be conducted independently in a safe, closed, and interference-free room, and it is prohibited to conduct the test in open place
